

City of DeSoto

Memo

Date: August 14, 2008

To: Jim Baugh, City Manager

From: Camelia Browder, Managing Director Financial Services

Subject: July 2008 Financial Reports

The July 2008 Financial Report for the General Fund and the Water and Sewer Fund are attached to this memo. The summaries of major revenues and major expenditures for the General Fund and the Water and Sewer Fund cover the majority of the total City budget and are listed separately. The third and fourth reports address other funds.

General Fund

Revenues: General fund total revenue is within budget expectations. Property tax revenue collections compare very favorably to last fiscal year. We received the May Sales tax revenue during the month of July. The amount received was .25% below the May 2007 sales tax receipt. Licenses and Permits are lower than projected due to Building Permits being less than last year. Intergovernmental Revenue is below expectations because we are waiting on a safer grant payment. Recreation revenue is below expectations. Fines and Forfeitures are lower than projected due to lower collections on warrants. The current market interest rates are in decline, as shown in Interest revenue.

Expenditures: Total General Fund expenditures were within budget (8.7% below expectations).

Water and Sewer Fund

Revenues: Water and Sewer Fund revenues are below budget expectations (1.5%). **Service Fees** are generated from customer extensions and exceed budget expectations. **Water Sales** were below expectations for the first 9 months of the year due to the above average rainfall that we had been experiencing. With the warmer and dryer conditions we have seen over the past few weeks we have seen an increase in water usage which should allow the revenues to come close to meeting budget for the fiscal year.

Expenses: The year to date expense trend is within expectations.
