## CITY OF DESOTO

## Development Services Department ENGINEERING DIVISION

## **Grading Permit**

The following requirements shall be reviewed and approved by the City of DeSoto Engineering Division prior to move-in and start-up of grading or excavation of new residential, commercial, or industrial development, or rehabilitation of existing development.

- 1. Completed tree survey approved by Planning & Zoning Commission, if applicable.
- 2. Grading and drainage plans.
- 3. Erosion control plan. Perimeter control shall be in place prior to start.
- 4. Location and design for construction entrance.
- 5. Traffic control plan, if applicable.
