1.01. Preface

- A. The greatest asset of our community is the potential of our employees. Recognition and enhancement of this asset are of material benefit to the community and also fulfill a moral obligation to each employee. The City’s intent is to work with all employees as respected individuals, ensure they are competitively compensated, politically unencumbered, and supported by the Administration and the City Council. Our success may well be measured by the extent to which our efforts give meaning and dignity to our employees lives, as reflected by their work and community relationships.

- B. As the community has a responsibility to its employees, so the employees have a responsibility to the community. The welfare of both depends upon the ethical and effective way employees complete their responsibilities. To encourage a sense of responsibility, a spirit of confidence, and an attitude of cooperation among our employees is a primary administration goal. The community recognizes the value of individual employees and provides the essentials which will enable them to achieve the maximum satisfaction in their careers. In turn, individual employees are expected to recognize that their own satisfaction derives from loyal, ethical and conscientious service in the performance of their duties.

1.02. Authority

These policies apply to and govern all employees of the City of DeSoto, unless otherwise restricted or governed by State or Federal law.

- A. These policies supersede all existing policies and are effective and binding upon all employees, regardless of hire date. Continued employment with the City constitutes conclusive acceptance of the terms of these policies. These policies, including any modifications, are prepared for informational and guideline purposes only and do not constitute a contract (either express or implied) in any respect between the City and its employees.

- B. Employment with the City is at-will and either the employee or the employer may terminate the relationship at any time for any reason not contrary to law or no reason at all. Any employee of the City who is not appointed by the City Council may be removed with or without cause. This removal power is subject to any exceptions in the applicable provisions of the Civil Service laws for police, fire and the city charter. The at-will status of any employee may not be modified or rescinded by any oral or written statements by any person, including appointed or elected officials, any employee handbooks, employment applications, or other materials provided to employees. Nothing in this policy manual is intended to change or modify the at will status of City employees or to create or confer any property rights or expectations of continued employment to any employee.

- C. City Management reserves the right and authority to modify, revoke, amend, suspend, interpret, terminate or otherwise change any or all provisions of this Policy Manual. The failure of the City to follow or comply with any provision of this policy shall not constitute grounds for nor form the basis of any action or cause of action, either civil or criminal, arising from employment with the City.

1.03. Purpose

The purpose of this manual is to provide a consistent guide to personnel actions involving City employees. It is not intended to give specific guidelines for every conceivable personnel action, but rather to be a guide in ensuring that decisions are fair, consistent, and in accordance with the desires of the City. The circumstances of any particular case or matter may warrant a deviation or exception in the application of this policy; where such circumstances justify an exception, the City Manager is authorized to do so. The objectives outlined in this manual include the following:

- A. Promotion of increased efficiency and economy in the service of the City

- B. Provision of fair and equal employment opportunity to all qualified applicants to enter and advance in City employment on the basis of demonstrated merit and fitness as determined through consistent, fair and equitable methods of selection and promotion.

- C. Development of a program of recruitment, advancement, and tenure, ensuring City service as a career path, encouraging employees to strive for excellence in performance.

- D. Establishment and maintenance of a uniform plan of classification and compensation based upon duties and responsibilities performed in the service of the City.

- E. Promotion of high ethics and morals among City employees through the provision of good working relationships, uniform administration of policies, opportunities for advancement, and consideration of employee welfare.

1.04. Policy Maintenance

- A. The Director of Human Resources represents the City Manager with regard to routine administration of all phases of this policy. The Director of Human Resources shall monitor these policies and make every good faith effort to ensure compliance through departments not only with the letter but also with the spirit of this policy. All policies outlined in this manual are subject to review and approval by the City Manager.
- B. These policies will be distributed to all City employees and will be published on the City's official website. Employees are responsible for compliance with all policies in this manual and with any and all revisions.
- C. Department Directors have authority and are responsible for the proper and effective administration of these policies within their departments. Directors are encouraged to maintain at least one paper copy of this manual for employee reference in their departments.
- D. Department Directors may develop and implement written department procedures or practices which are in addition to and not inconsistent with the policies listed in this manual.
- E. The City Manager may change, amend, or authorize exceptions to any of these policies within the statutory and personnel administrative authority granted by law or City Charter to the extent necessary to more effectively and efficiently promote the interests of the organization. Any new rules, regulations, or policies issued or updated in accordance with this section will supersede these regulations and are fully binding on all employees. Any provisions, terms, or conditions described in these policies may be changed, and continued employment with the City constitutes acceptance binding on all employees. Such new policies will, upon adoption, be set forth in writing and be made available to all employees and published on the City's website.

In those cases, each 1000 hours worked will count as .5 years of experience toward meeting minimum qualifications. Consultant experience will count toward meeting minimum qualifications if proof of work and/or earnings are provided.

- B. Highly relevant experience may be substituted for education by substituting two years of related experience for one year of college education; i.e., an applicant who has worked for eight years as a professional accountant (not an account clerk) may apply for a position which requires a Bachelor's degree. The City reserves the right to select individuals for positions based on those who are best suited for the positions, consistent with all acceptable legal requirements.

4.02 Nepotism

- A. No person shall be eligible for employment if related within the second degree by affinity or the third degree by consanguinity to the Mayor, any member of the City Council, or the City Manager. This prohibition shall not apply, however, to any person who shall have been employed by the City prior to and at the time of the election of the Mayor or Councilmember, or appointment of the City Manager, as provided for in the City Charter.
- B. No employee may work in any department of another immediate family member. For purposes of these rules, an immediate family member includes spouse, significant other, roommate, child, parent, grandparent, sibling, step-child, step-parent, step-grandparent, step-sibling, niece, nephew, and in-law or step-in-law relationship. Exceptions to this policy which do not create any conflict may be allowed by the City Manager.
- C. Current employees who would otherwise be ineligible as of December 31, 2017 are grandfathered.
- D. Should employees become immediate family members after January 1, 2018, as indicated in 4.02 B., one of the employees must elect to resign or move to another position in another department (if available) within ninety (90) days of becoming an immediate family member.
- E. Applicants who do not disclose relationships on their official applications will be disqualified from consideration.

- F. Applicants who are relatives of executive staff or council-appointed board or commission members or elected officials may not be offered employment with the City unless approved by the City Manager.

4.03 Job Offer

- A. Job offers are initiated by the department and approved by Human Resources. Job offers should be delivered after verification of references by the hiring department and related background screenings.
- B. Conditional job offers can be delivered to applicants based on successful completion and verification of education, experience, driving record, physical and psychological exams, drug screens, and other related criteria, depending on the requirements of the position.
- C. All job offer salaries are subject to approval by Human Resources prior to discussions with applicants regarding conditional job offers.

4.04 Hiring Pay Rate for Outside Applicants

- A. Applicants whose education and experience meets the minimum qualifications will be hired at the minimum of the pay range.
- B. Applicants whose education and experience exceeds the minimum qualifications may be hired above the minimum of the range, based on the criteria listed below.
 - 1. The applicant's higher qualifications may warrant higher pay.
 - 2. Hiring above the entry salary will not disrupt current internal equity and salary relationships.
 - 3. Funds are available.
 - 4. The action is in the best interest of the City.
 - 5. Hiring Pay recommended by either the department director or Human Resources at a rate higher than the midpoint will be directed by Human Resources to the City Manager for approval.

4.05 Hiring Pay Rate for Promotions

- A. Applicants who are current employees and for which this is a promotional opportunity, will receive an increase of 4% per grade, to a maximum of 10%, or the minimum of the range, whichever is greater, unless the employee has previous experience, in which case the hiring range indicated in 4.04 B above, will apply. Police and Fire promotions are governed under Civil Service and the affected classification schedules.

4.06 Hiring Pay Rate for Lateral Transfers

- A. Salaries for applicants who are current employees and for which this change is a lateral transfer, will receive a 4% increase in pay. A lateral transfer for purposes of this section, is a movement from one job title in a pay range to a different title in the same pay range. Example: Employee A is moving from a maintenance worker to a utility billing clerk and both job titles are currently in Pay Grade 15.

4.07 Hiring Pay Rate for Demotions

- A. Salaries for applicants who are current employees and for which this is a voluntary demotion, will not see a reduction in pay if they are within the pay range of the new position. If their salaries exceed the maximum of the pay range, the pay will be reduced to the maximum of the new pay range.

4.08 Employee File Maintenance

- A. Human Resources maintains official employee, or personnel files, in the Human Resources Department, except when otherwise authorized by law. Access to those files is limited to the employees and to those individuals with a need to know, unless otherwise controlled by State law.

Section 5	Introductory Period
Effective Date	01.01.15
Revision Date	
Review Date	01.01.2021

5.01 Introductory Period

- A. There will be an introductory or probation period of six (6) months for all newly hired, rehired, transferred, demoted or promoted employees not classified under civil service. It is the purpose of this introductory or probation period to allow both employees and the City to evaluate job satisfaction and continued employment. The probation period for newly hired police officers or firefighters will be twelve (12) or eighteen (18) months, depending on certifications at hire date.
- B. At any time during this period, supervisors may determine that the employees are not meeting the requirements of the position or not performing in a satisfactory manner. If this is the case, those employees may be involuntarily terminated.
- C. Prior to the dismissal of Introductory Period or Probationary Employees, departments must consult with their directors and Human Resources.
- D. New employees and newly promoted employees terminated in their initial introductory or probation periods do not have appeal rights.
- E. Current employees who have been transferred, demoted or promoted, other than police officers or firefighter, terminated in their initial introductory periods, may be returned to their former positions, if such openings exist.
- F. Introductory Periods may be extended, in writing, to Human Resources, documenting that additional time is necessary to effectively evaluate new employees.
- G. At the end of the Introductory Period, the performance of the employees may be reviewed and discussed. If the performance is satisfactory after this period, employees will then be eligible for continued employment, but will retain their at-will status, and may subsequently be terminated, transferred, or demoted, without cause.

H. During this initial period, employees are generally not eligible for reassignment, promotion, or allowed to voluntarily transfer. Exceptions may be granted if determined to be in the best interest of the City and approved by both departments.

Section 6	Salary Administration
Effective Date	01.01.13
Revision Date	01.01.2021
Review Date	01.01.2021

6.01 Program Goals

- A. The administration of salaries for each position is based on the philosophy of maintaining a competitive pay structure for the purpose of recruiting and retaining an effective workforce. Determination of appropriate compensation is based on the following principles:
1. Provide compensation based on knowledge, skills and abilities for each job description.
 2. Regularly review the internal equity of positions, evaluating their job duties within the organization.
 3. Establish individual equity measures within the performance review process and provide for opportunities for performance-based increases, as determined by funds availability.
 4. Review classifications to ensure competitiveness with similar jobs within the local economy or applicable labor market, establishing ranges similar to that market.

6.02 Job Classification and Title

- A. Job Classification is a categorization of job type according to the nature of the work performed. Jobs are classified according to assigned responsibilities and other compensable factors. These assignments are not subject to appeal by employees. Classification recommendations and assignments are recommended to and approved by the City Manager.
- B. Job Classifications are generally slotted into pay plans. Those pay plans may include separate structures for exempt, non-exempt, executive, police, or fire.

- C. Each position within the pay plan or structure will be classified as exempt or non-exempt, or as eligible or not eligible for overtime pay or compensatory time accruals.
- D. Each position in the City shall be classified according to objective criteria and the provisions outlined in this manual.
- E. Official Titles shall be used for all official documents. Working or functional titles may be used where appropriate.
- F. Job Descriptions will be established and reviewed regularly for all positions.

6.03 Job Reclassification

- A. Job Reclassification is a re-categorization of a job based on or as a result of documented significant changes in complexity of duties, responsibilities, knowledge level required, impact on City operations, accountability, business necessity, or other relevant factors, some of which are included below.
 - 1. The level of responsibility for an existing position has significantly increased or decreased.
 - 2. The job duties of an existing position are expected to be combined with a vacant position in another classification.
 - 3. Additional programs, facilities or requirements are assigned that are not currently a part of the job responsibilities as currently stated.
- B. Job Reclassification is not considered a business necessity for any of the factors identified below.
 - 1. Local, state or federal law requires a title or certification change but does not substantially change the job requirements.
 - 2. There is a volume increase in the workload or new tasks have been added.
 - 3. There is a desire to reward an employee for outstanding performance, the obtaining of a degree or certificate, reaching the top of the pay range, or for length of service.
- C. When reviewing job classifications and titles, the appropriate steps will also be taken to review exempt or non-exempt status for overtime eligibility.

- D. Job Reclassifications will be requested by the Department Directors, conducted by the Human Resources Department and approved by the City Manager, and are generally completed during the annual budget process.

6.04 Rates of Pay

- A. The base rate of pay for employees is the hourly amount the employees receive based on a number in the salary range of the classification to which the job title is attached.
- B. The base plus rate of pay for employees is that hourly amount the employees receive which includes the base pay, plus any additional pay, per FLSA.

6.05 Overtime Definitions

- A. Exempt employees are not eligible for compensatory time or overtime, as defined by the Fair Labor Standards Act (FLSA).
- B. Non-exempt employees are eligible for compensatory time or overtime (as defined by FLSA). For purposes of determining overtime rates paid, costs are calculated on the base plus rate, times 1.5.
- C. For eligible employees, compensatory time or overtime will be accrued or paid for those eligible hours worked in excess of those defined in the work week or work period, not the work day. For non-police officer and firefighter positions, those defined work week or work period hours equal forty (40) in seven (7) days. For eligible police positions, that defined work period is fourteen (14) days consisting of eighty (80) work hours. For eligible fire positions, that defined work period is twenty-eight (28) days consisting of 212 work hours.
- D. Sick days, vacation days, emergency leave days, injury leave days, jury duty days, or other leave days do not apply when determining eligible hours worked for purposes of computing overtime. Employees must be at work on the job or on holiday leave in excess of the defined work week or work period to receive compensatory time or overtime.

6.06 Compensatory Time

- A. Compensatory time is accrued at the rate of 1.5 hours for every hour worked in excess of the established work week or work period. For non-police officer and firefighter positions, this is defined as over 40.
- B. Compensatory time may be accrued and used at a later date, as with vacation, with supervisor approval.

- C. Compensatory time may be accrued to a maximum of eighty (80) hours.
- D. Once employees have accrued 80 hours of compensatory time, all time to be paid at the overtime rate will be paid as overtime, until such time as the
- E. compensatory time accrual has been reduced.
- F. Department Directors have the authority to designate whether the department's non-exempt employees will receive overtime pay, compensatory time accruals, or a combination of both, for any hours worked over the maximum in the work week or work period.
- G. Upon promotion or transfer, employees will generally be required to use all compensatory time prior to the effective date of promotion or transfer. In some cases, compensatory time may be paid out. For promotions or transfers within the same account number or department, compensatory time may be carried over.

6.07 Standby or Call Out Pay

- A. Employees are considered officially scheduled and designated as on Standby or On Call only when approved by a supervisor in accordance with procedures established by the department. Those employees considered as On Call will be in that status for a specified period of time. During this standby period, employees are free to pursue personal activities, but must respond within guidelines established by the department.
- B. Standby and On-Call employees must available for response within thirty (30) minutes.
- C. Employees assigned to this category will be compensated at 1.5 times their base rate for hours worked during the callback period.
- D. Pay will include travel from their regular work site to and from the job site and in some departments, may include up to fifteen (15) minutes for travel time from home.

6.08 Meal Break

- A. A thirty (30) minute to one hour allowance for meal breaks is customarily granted to employees. This meal period is not considered hours worked if employees are completely relieved of their work duties.

In the case of adoption or foster care placement, employees may choose to take PPL either at the same time or at week four (4), when the first parent's leave has expired.
- E. Eligible employees may use PPL twice during their DeSoto careers, irrespective of any breaks in service.
- F. PPL runs concurrently with FML. The concurrent use of PPL and FML will not increase, in whole or in part, the amount of FML time available to employees.

- G. Pay for PPL will be at 100 percent of the employee's base pay rate and will not reduce any leave balances.
- H. Multiple births, adoptions or foster care placements occurring at the same time do not increase the length of PPL.
- I. PPL may not be banked for future use or used intermittently, and any balance will not be paid out at separation.
- J. PPL will end if employees no longer meet eligibility, such as switching from a fulltime to a part-time employee.
- K. PPL will be used prior to use of other employee leave.
- L. For child bonding purposes, the three weeks of PPL must be exhausted before other forms of paid and unpaid leave allowed under FML may be used. Holidays occurring during the PPL period will not increase the PPL period.
- M. Pregnant mothers who are released from duty by their doctors prior to birth must use sick leave or vacation until the date of birth. At the time of birth, mothers will be eligible to use PPL. The time prior to the birth will be reviewed for FML eligibility under current FML policy.

- G. Employees on unpaid leave in excess of thirty (30) days will be terminated from any insurance benefit programs, and will be offered coverage under the provisions of COBRA. Eligibility for any benefit from the City may be suspended during periods of unpaid leave.
- H. Employees on unpaid leave in excess of thirty (30) days will not accrue sick and vacation benefits.

Section 9	Family and Medical Leave
Effective Date	01.01.13
Revision Date	01.01.2020
Review Date	01.01.2021

9.01 Family and Medical Leave Act

- A. This section provides criteria for compliance with the Family Medical Leave Act (FMLA).
- B. This section identifies those who are eligible for leave under FMLA.
 - 1. Fulltime or part-time employees must have worked for the City at least twelve (12) months prior to the commencement of leave, and the twelve months need not be consecutive.
 - 2. Fulltime or part-time employees will be considered employed for one week if they were in a paid status for any part of the week.
 - 3. Prior to the commencement of leave, fulltime or part-time employees must have worked at least 1250 hours during the twelve (12) month period.
 - 4. Employees who are off work in excess of five (5) working days or 60 hours (dispatch, police or fire shifts) are eligible to be placed on family and medical leave.
- C. This section identifies eligible reasons for leave under FMLA.
 - 1. Employees are eligible for this leave for the birth of a child or in order to care for that child, with leave completed within twelve (12) months of the birth.
 - 2. Employees are eligible for this leave for the placement of a child for adoption or foster care, with leave completed within twelve (12) months of the adoption or foster placement.
 - 3. Employees are eligible for this leave in order to provide care for a spouse, child, or parent with a serious health condition.

4. Employees are eligible for leave due to their own serious health condition that makes them unable to perform the essential functions of the position. Generally, a workers' compensation injury resulting in lost time automatically meets the criteria.
 5. Employees are eligible for leave due to a qualifying exigency arising out of the fact that a spouse, son, daughter or parent is on active duty or has been notified of an impending call.
 6. Employees are eligible for leave to care for a spouse, son, daughter, parent or next of kin who suffered an injury or illness in the line of duty.
- D. Medical certifications are required to document serious health conditions and must include the conditions identified as required by law, with submission to and approval by Human Resources, on the appropriate documents.
 - E. The City may require a second opinion if it has reason to doubt the medical certification. The second opinion will be performed by a physician of the City's choice and at the City's expense. If necessary to resolve a conflict between the original medical certification and the second opinion, the City and the employee will jointly select a third physician. The City will pay for the third opinion. This third opinion will be considered final.
 - F. Eligible employees may take up to twelve (12) weeks (or longer for qualifying exigency leaves) during a rolling twelve (12) month period.
 - G. Spouses working for the City taking qualifying leave for the birth, adoption or placement of a child, may take a total of twelve (12) weeks of leave between them.
 - H. Employees must use accrued paid leave prior to using unpaid leave for FMLA.
 - I. A serious health condition of the employee or of a family member, or the birth, adoption or placement of a foster care child, requires the use of paid leave in any order 1) holidays through the FMLA end date only, 2) accrued sick leave, 3) accrued vacation leave. Unpaid leave may be taken after paid leave has been exhausted.
 - J. Employees may take intermittent leave as needed, to a total of twelve (12) weeks, unless the leave involves exigency. During intermittent leave, the City may temporarily transfer employees to available alternative positions with equivalent pay and benefits, in order to meet service requirements.
 - K. Employees may not take intermittent leave for the birth, adoption or placement of a child.
 - L. All requests for leave under the Act must be made in writing to Human Resources, where all certification documents will be reviewed and maintained.

- M. In cases of emergency, supervisors will coordinate with employees or, if employees are unable to provide information, with the next of kin, to obtain information on the circumstances requiring leave. Supervisors will then contact Human Resources Department for coordination of the leave.
- N. Employees on leave for more than one pay period are required to report to their supervisors on a regular basis regarding the status of their leave and their intent to return to work.
- O. Employees on paid leave under these provisions will continue to accrue leave benefits, with deductions continuing for their contributions for any benefit plans.
- P. Employees on unpaid leave will not accrue leave benefits and must pay their portion of any insurance premiums in order to continue coverage.
- Q. Employees opting not to return to work following family and medical leave for reasons other than a continued serious health condition may be required to reimburse the City's share of any paid benefit premiums during the absence.
- R. Employees on FMLA for personal illness may not work or continue secondary employment. Employees on FMLA for illness of a family member or birth or adoption may not work or continue secondary employment without City Manager approval.

Section 10	Insurance Benefits
Effective Date	01.01.13
Revision Date	01.01.2021
Review Date	01.01.2021

10.01 Insurance for Employees

- A. As part of its overall compensation package, the City provides a variety of insurance and voluntary coverage options for employees and their families. Regular fulltime employees are eligible for these programs.
- B. Eligibility for and the amount of any benefits described herein are dependent upon the provisions of the official plan documents and federal tax law. The City has discretionary and final authority to construe and interpret all employee benefit plans, decide all questions regarding eligibility, and determine the amount, manner and time of payment of any benefits, to the extent allowed by law and by contract with any plan administrator.
- C. Eligibility for any benefit described may be suspended during periods of unpaid leave.
- D. As part of its overall benefits and compensation plan, the City offers health insurance, dental insurance and life insurance to its employees. Payments for this coverage are dependent solely on claims and budgets and generally may be expected to fluctuate each plan year. Additional plans may be offered to employees, including vision, disability, and accident coverage.
- E. Coverage for insurance benefit plans is on the first day of the month following the first day of active regular fulltime employment.
- F. Employee contributions for eligible benefit plans are paid for with pre-tax dollars, pursuant to Section 125 of the IRS Code.
- G. Enrollment periods for insurance and optional coverage types generally occur annually. It is at this time that eligible dependents may be added or deleted from coverage. Elections made during the annual enrollment period remain in effect throughout the plan year and cannot be changed unless there is a qualifying life event, as described in enrollment material.

- H. Under the City's plans, there are qualifying life events which allow employees to add dependents to their coverage.
 - 1. Once the employees enroll for coverage, they may not change benefit choices until the next annual enrollment period. Employees may, however, make plan changes if they experience a qualifying life event. Plan documents identify qualifying life events and a description of the requirements.
 - 2. Changes to coverage must be made within 31 days of the qualifying life event.
 - 3. If employees do experience a qualifying life event, they may make a new election for coverage as long as the election is consistent with the qualifying life event. To be considered consistent, the qualifying life event must result in either becoming eligible for or losing eligibility for coverage under the plan. The change must also correspond with the specific eligibility gain or loss.
 - 4. In order for a new or previously uncovered dependent to be covered, employees must enroll the new dependent within 31 days after the date of the qualifying life event and satisfy all other eligibility and enrollment requirements of the plans in which the employees are enrolled. Employees who miss enrollment deadlines may not make changes, regardless of the type of qualifying life event that has occurred.

10.02 Insurance for Retirees

- A. As part of its overall compensation package, the City provides a variety of insurance and voluntary coverage options for retirees and their families.
- B. Eligibility for and the amount of any benefits described herein are dependent upon the provisions of the official plan documents and federal tax law. The City has discretionary and final authority to construe and interpret all employee benefit plans, decide all questions regarding eligibility, and determine the amount, manner and time of payment of any benefits, to the extent allowed by law and by contract with any plan administrator.
- C. Retirees are those employees who resign their employment and are eligible for benefits through the Texas Municipal Retirement System (TMRS), or will become retirement eligible through a COBRA extension. These individuals are eligible for continuing insurance benefits post-employment as retirees. Employees who retire from service and are not eligible for benefits under TMRS, are not eligible for retiree insurance benefits.
- D. At the time of separation, employees do not have to state they are retiring, as many reasons exist for separation, including layoff, job elimination and termination for cause. They must only meet the retirement eligibility criteria at the time of separation (or continuation of coverage through COBRA until eligibility is met).

- E. Retirees are eligible for coverage if they are enrolled in coverage through the City, meaning that:
1. The retirees are enrolled in a City plan as active, regular fulltime employees or have COBRA coverage through a City plan on the day prior to the retirement eligibility date; and
 2. The retirees enroll for City coverage within 31 days of the retirement eligibility date.
 3. If retirees enrolled in insurance coverage discontinue coverage; i.e., drop an entire plan such as dental or medical, for any reason, the retiree will no longer be eligible for coverage and will not be allowed to re-enroll in that plan as a retiree in the future, including during annual enrollment. For example, if a retiree drops medical coverage or fails to pay the premium timely for medical coverage, but continues timely payments for dental coverage, the retiree will be allowed to elect dental coverage only in the future.
- F. Retiree dependents may also be eligible for coverage through the City plans, if they meet all of the following requirements:
1. The dependents meet the requirements of being either a lawful spouse or eligible child as defined in the underlying plan's summary plan description; and
 2. The dependents are enrolled in coverage through the City, meaning that:
 - a. The dependents are enrolled in a City plan on the retiree's last day as an active, regular employee or have COBRA coverage through a City plan on the day prior to the retirement eligibility date; and
 - b. The retirees enroll the dependents when the retirees enroll for City retiree coverage within 31 days of the retirement eligibility date. In addition to the conditions described above, retirees may be able to add dependents to the medical or dental plans if they meet the requirements in the "qualifying life event" section.
- G. Under the City's plans, there are Qualifying Life Events which allow retirees to add dependents to their active coverage.
1. Once the retirees enroll for retiree medical or dental coverage, they may not change benefit choices until the next annual enrollment period (add dependents). Retirees may, however, make plan changes if they experience a qualifying life event. Plan documents identify qualifying life events and a description of the requirements.

2. If retirees do experience a qualifying life event, they may make a new election for coverage as long as the election is consistent with the qualifying life event. To be considered consistent, the qualifying life event must result in either becoming eligible for or losing eligibility for coverage under the plan. The change must also correspond with the specific eligibility gain or loss.
3. In order for a new or previously uncovered dependent to be covered, retirees must enroll the new dependent within 31 days after the date of the qualifying life event and satisfy all other eligibility and enrollment requirements of the plans in which the retirees are enrolled. Retirees who miss enrollment deadlines may not make changes, regardless of the type of qualifying life event that has occurred.
4. The opportunity to add new dependents to the plan due to qualifying life events applies only to the retirees and any eligible dependents. Once the retiree is deceased, no new dependents may be added to the plan due to any qualifying life event, even if that event appears to otherwise satisfy the plan's requirements.

H. Dependents of Deceased Retirees or Retirees over 65 Moving to Medicare Only

1. The surviving spouse or under age 65 spouse and eligible children of such retiree are eligible to continue coverage, if they meet all of the following requirements:
 - a. The spouse and/or eligible children are enrolled in coverage through the City at the time of the retiree's death; and
 - b. The spouse and/or eligible children meet all other eligibility requirements of the plan; and
 - c. The spouse and/or eligible children pay all premiums by the due date.
2. If a spouse or dependent drops the City group coverage for any reason, that spouse or dependent will not be allowed to re-enter the applicable plan in the future.
3. After a retiree's death, no new dependents are eligible for coverage at any time. For example, if a surviving spouse remarries, the new spouse and/or new dependent children are not eligible for retiree coverage.

I. Annual Enrollment

1. The City will hold an annual enrollment period each plan year. During the annual enrollment period, retirees may review and modify choices in their current coverage, cancel coverage for dependents, or make no changes. Enrollment changes made during the annual enrollment period will be effective for the upcoming plan year.

2. Retirees may not add dependents to plan coverage during annual enrollment. Dependents are eligible only if they were covered by the plan at the time of the retirement, or if they experience a qualifying life event as described in the “qualifying life events” section above.
3. Retirees may not add new types of coverage during annual enrollment. Example: Retirees with medical coverage only may not add dental coverage. The retiree coverage is restricted to the coverage type held at the time of retirement eligibility.
4. During the annual enrollment period, retirees must complete new election forms. Retirees who fail to timely return annual election forms will not have their insurance renewed for the upcoming year.

J. Premium Payments

1. Once retirees elect retiree medical or dental plan coverage, they must continue to pay the monthly premiums for themselves and any dependents in a timely manner, in order to continue eligibility.
2. All payments are due at the beginning of the month and must be received by the last business day of the month. Premiums received after the last business day of the month will be considered delinquent and all insurance coverage will cease at the end of the month for which the last timely payment was received.
3. All premium payments must be set up in a manner determined by the City. Automatic payments will be considered delinquent if returned by the bank or credit card company.
4. Appeals for reinstatement will be considered by the City Manager’s Office.

- S. Employees are encouraged to act in a manner, both on and off duty, which will not bring to or have a negative impact on the City. In that regard, the City encourages employees to use the following guidelines when using social media or networking sites during off hours.
 - 1. Respect coworkers and the City. Do not put anything on personal blogs or post any information or pictures that may defame, embarrass, insult, demean or damage the reputation of the City or any of its employees.
 - 2. Do not put anything on personal blogs or post any information or pictures that may constitute violation of the harassment policy. Do not post any pornographic pictures of any type that could identify you as an employee of the City.

 - 4. Do not post information on the Internet that could adversely impact the City and/or an employee of the City.

5. Do not permit or fail to remove postings violating this policy, even when placed by others on your site or blog. Recognize that postings, even if done off premises and while off duty, could have an adverse effect on the City's legitimate business interests.

T. Individual supervisors do not have authority to make exceptions to these guidelines.

12.10 Mobile Phones

- A. Whether department issue or otherwise, the City recognizes that many employees bring mobile phones to work. Mobile phones may belong to the employee or be provided for the employee's use by the City. The use of these phones, including those with cameras and video, must not interfere with job duties or performance. As with desk phones, employees must not allow excessive or loud phone use to become disruptive or interfere with their own or someone else's ability to do their jobs.
- B. Except in emergencies, employees will not use mobile phones without a hands free device while operating a City vehicle while on City business, including both making and receiving phone calls and texting.
- C. Texting while driving is prohibited.
- D. Employees using City-issued mobile phones have no expectation of privacy in calls, pictures, videos, or text messages. Cellular telephone conversations are not secured, and users should not use the phone to discuss sensitive or confidential information.
- E. Employees are advised that records related to calls, videos, online storage and text messages made and received on City-owned devices are public information. Information related to telephone numbers called, length of call, and time and date of call as well as pictures, video, texts or online storage may be obtainable as a public record.
- F. Inadvertent monitoring of private cellular conversations is possible. Caution should be used whenever confidential or sensitive information must be discussed on a City-provided cell phone.

12.11 Harassment

- A. All employees are entitled to a workplace free of unlawful harassment by management, supervisors, co-workers, citizens, and vendors. City employees are also prohibited from harassing citizens, vendors, and all other third parties.
- B. One form of unlawful discrimination is sexual harassment. Unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature constitutes sexual harassment when:
 - 1. submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment, or
 - 2. submission to or rejection of such conduct by an individual is used as a basis for employment decisions affecting such individual, or
 - 3. such conduct has the purpose or effect of unreasonably interfering with an individual's work performance or creating an intimidating, hostile, or offensive work environment.
- C. Sexual harassment may include a range of subtle and not so subtle behaviors and may involve individuals of the same or different gender. Conduct prohibited by this policy includes, but is not limited to sexual advances; requests for sexual favors; sexual jokes and innuendo; verbal abuse of a sexual nature; commentary about an individual's body, sexual prowess, sexual preference, sexual experiences, or sexual deficiencies; leering, whistling, or touching; insulting or obscene comments or gestures; display in the workplace of sexually suggestive objects or pictures; and other physical, verbal, or visual conduct of a sexual nature.
- D. Harassment on the basis of any other legally protected characteristic is also strictly prohibited. This means that verbal or physical conduct that singles out, denigrates, or shows hostility or aversion toward someone because of race, religion, color, national origin, age, disability, genetics, veteran status, citizenship, or any other characteristic protected by law is also prohibited.
- E. Prohibited conduct includes, but is not limited to, epithets, slurs and negative stereotyping; threatening, intimidating, or hostile conduct; denigrating jokes and comments; and writings or pictures, that single out, denigrate, or show hostility or aversion toward someone on the basis of a protected characteristic. Conduct, comments, or innuendoes that may be perceived by others as offensive are wholly inappropriate and are strictly prohibited.

- F. Prohibited conduct also includes the sending, showing, sharing, or distributing in any form, inappropriate jokes, pictures, comics, stories, etc., including but not limited to via any electronic devices, media or the internet. Harassment of any nature, when based on race, religion, color, sex, national origin, age or disability, genetics, veteran status, citizenship or any other characteristic protected by law is prohibited.
- G. Reporting of harassment is mandatory, regardless of the offender's identity or position. Employees who observe or otherwise learn of possible harassment in the workplace or who feel that harassment as occurred or been has been subjected to conduct prohibited by this policy must report it immediately to Human Resources or the City Manager's Office. Under this policy, employees may report to or contact the Director of Human Resources directly, without regard to the normal chain of command.
- H. Retaliation against employees who make good faith charges or reports of prohibited conduct or who assist in complaint investigations is prohibited. Acts of retaliation must be reported immediately as set out above.
- I. Misconduct constituting harassment or retaliation will be dealt with appropriately. Discipline, up to and including dismissal, will be imposed upon any employee who is found to have engaged in conduct prohibited by this policy. Likewise, disciplinary action will be imposed in situations where claims of prohibited conduct were untruthful, fabricated or exaggerated or when employees are untruthful during an investigation.

Section 13	Drug Free Workplace
Effective Date	01.01.13
Revision Date	01.01.17
Review Date	01.01.2021

13.01 Prohibition

- A. It is the desire of the City to provide an alcohol and drug-free, healthful, and safe workplace. To promote this goal, employees are required to report to work in appropriate mental and physical condition to perform their jobs in a satisfactory and safe manner.
- B. While on City premises, while on duty, while conducting City related business or other activities off premises, while driving a City owned or leased vehicle, or while operating or using other City owned or leased property or equipment, employees may not use, possess, distribute, sell, or be under the influence of alcohol (except under the limited circumstances described below), inhalants, illegal drugs, including drugs which are legally obtainable but which were not legally obtained, and prescribed or over-the-counter drugs which are not being used as prescribed or as intended by the manufacturer.
- C. The use of alcohol by employees during a business lunch is prohibited even though the person with whom the employees are having lunch may be consuming alcohol. Further, employees on duty or conducting City business, including City-related business entertainment, may not drive personal vehicles while under the influence of alcohol. No employees in their work related capacities should ever be impaired because of excessive use of alcohol.
- D. The use, possession, distribution and sale of drug-related paraphernalia while on City premises, while on duty, while conducting City related business or other activities off premises, while driving a City owned or leased vehicle, or while operating or using other City owned or leased property or equipment, is prohibited. Drug-related paraphernalia includes material and / or equipment designed for use in testing, packaging, storing, injecting, ingesting, inhaling or otherwise introducing illegal or unauthorized drugs into the body.

- E. The legal use of prescribed and over-the-counter drugs is permitted while on City premises, while on duty, while conducting City related business or other activities off premises, while driving a City owned or leased vehicle, or while operating or using other City owned or leased property or equipment only if it does not impair the ability to perform the essential functions of the job (or operate the vehicle, property or other equipment) effectively and in a safe manner that does not endanger the employees, citizens or other individuals in the workplace. Examples of impairment include, but are not limited to, drowsiness, dizziness, confusion, or feeling shaky.
- F. Certain Police employees may be required to be in possession of alcohol and/or drugs in carrying out their job duties. Such employees will be exempted from certain portions of this policy under limited conditions. Additional guidelines may be established by Police Department operating procedures.
- G. Employees taking prescription medication and / or over-the-counter medications must report such use to either their directors or to the City Manager if there is a reasonable likelihood the medication will impair their ability to perform the essential functions of the job (or operate a vehicle, property or other equipment, if applicable) effectively and in a safe manner that does not endanger the employees, citizens or other individuals in the workplace. Examples of impairment include, but are not limited to, slurred speech, drowsiness, dizziness, confusion, or feeling shaky.
- H. Employees scheduled to be on call are expected to be fit for duty upon reporting to work. Employees scheduled to be on call are governed by this policy. Occasionally employees not on call may be called out. If this or any other situation occurs where the employees called out are under the influence of alcohol or have a presence in their system of drugs, such that reporting to work would result in a violation of this policy, the employees must so advise the appropriate supervisor on duty. The employees will not be required to report to work.
- I. Employees are required to notify their immediate supervisors and department directors, in writing, of any criminal drug conviction (including a plea of nolo contendere) or deferred adjudication, for a violation occurring off duty and / or in the workplace, no later than five calendar days after the conviction.
- J. The City may take disciplinary action, up to and including termination, if employee off-duty use of or involvement with drugs or alcohol is damaging to the City's reputation or business, is inconsistent with the employee's job duties, or when such off-duty use or involvement adversely affects employee job performance.

13.02 Treatment or Rehabilitation

- A. It is the City's desire to assist employees who voluntarily request assistance with alcohol or drug dependency. For City support and assistance, however, an employee must acknowledge the problem and seek and accept counseling and / or rehabilitation before it impairs job performance or jeopardizes the employee's employment, or must not have tested positive in any random or post-accident drug or alcohol test.

- B. Employees with drug or alcohol problems that have not resulted in, and are not the immediate subject of, disciplinary actions, may request approval to take a leave of absence to participate in a rehabilitation or treatment program. (An employee may not enroll in a rehabilitation or treatment program in lieu of disciplinary action.) The leave of absence may be granted in the City's sole discretion. Factors considered by the City in deciding whether to grant leave may be based on one or more of the factors identified below.
 - 1. Length of employment
 - 2. Prior work performance and discipline history
 - 3. Agreement to abstain from the use of the problem substance and follow all other requirements of the rehabilitation/treatment program
 - 4. Reputation of the rehabilitation program and the likelihood of a successful outcome
 - 5. Employee compliance with City policies, rules, and prohibitions relating to conduct in the workplace
 - 6. Hardship on the City due to the employee absence
 - 7. Unless otherwise required by law, it is the City's policy to grant such a leave of absence only once during the course of any employee's tenure with the City.

- C. If employees successfully complete the prescribed rehabilitation or treatment, the City will make reasonable efforts to return them to their previously held positions or one of similar pay and status. However, employment with the City following a City approved leave for rehabilitation or treatment is conditioned on the items identified below.
 - 1. Employees must have a negative test for drugs and alcohol before returning to work.
 - 2. Employees must provide a written release to return to work from the City-approved rehabilitation or treatment facility or program.

3. Employees must provide periodic and timely confirmation of their ongoing cooperation and successful participation in any follow-up or ongoing counseling, testing, or other treatment required in connection with the City-approved rehabilitation or treatment program, if applicable.
4. In addition to any testing required in connection with ongoing treatment or follow-up to treatment, employees who participate in rehabilitation or treatment under this section will also be required to submit to periodic and random testing by the City during the two years following the return to work following the treatment.
5. Prior to returning to work, employees must sign a formal written agreement to abide by the above conditions, as well as any other conditions deemed appropriate by the department or Human Resources. Employees are released to work through the Human Resources Department.

13.03 Violations of Policy

- A. Violations of this policy will generally lead to disciplinary action, up to and including immediate termination of employment and/or required participation in a substance abuse rehabilitation or treatment program. Police and Fire Departments may have stricter disciplinary rules regarding violations of this policy.
- B. Employees with questions or concerns about substance dependency or abuse are encouraged to discuss these matters with their supervisors or the Director of Human Resources to receive assistance or referrals to appropriate resources in the community.

13.04 Applicant Testing

- A. All applicants to whom a conditional offer of employment has been made will be required to submit to testing for alcohol and illegal and unauthorized drugs. A positive test result, refusal to test, or attempts to alter or tamper with a sample or any other part of the test, will render the applicants ineligible for consideration of employment or future employment with the City.

13.05 Employee Testing

- A. Employees may be tested for alcohol or illegal and unauthorized drugs after a workplace accident, when reasonable suspicion exists, at random, or in connection with any required treatment or rehabilitation.

1. For purposes of this policy, reasonable suspicion is a belief based on articulable observations (e.g., observation of alcohol or drug use, apparent physical state of impairment, incoherent mental state, changes in personal behavior that are otherwise unexplainable, deteriorating work performance that is not attributable to other factors, a work-related accident or injury, evidence of possession of substances or objects which appear to be illegal or unauthorized drugs or drug paraphernalia) sufficient to lead a supervisor to suspect that the employee is under the influence of illegal or unauthorized drugs or alcohol. Supervisors who refer an employee for reasonable suspicion testing must document the specific factors that support reasonable suspicion testing (e.g., the who, what, when, where of the employee's behavior and other symptoms, statements from other employees or third parties, and other evidence supporting the reasonable suspicion testing).
 2. All testing must normally be authorized in advance by both the department director and the human resources director.
 3. The City will make arrangements to have any employees transported home after the testing.
- B. Tests will be paid for by the City. To the extent possible, testing will normally be done during the normal work time.
 - C. All substance abuse testing will be performed by the City or a certified healthcare provider chosen by the City. All positive test results will be subject to confirmation testing using the same sample.
 - D. Employees who refuse to be tested, or who attempt to alter or tamper with any sample or any other part of the testing process, will be subject to disciplinary action up to and including termination.
 - E. Positive test results which are reviewed by medical personnel will result in termination of employment.
 - F. Employees terminated for violations of this policy are ineligible for future employment with the City.
 - G. There will be no appeal process for employees terminated for violations of this policy.
